SUMMARY

As a dedicated Java programmer and aspiring web developer, I possess a robust background in both front-end and back-end technologies. Proficient in Java, React.js, Node.js, and MongoDB, I have a proven track record in developing responsive, user-centric web applications. My projects highlight my ability to create intuitive interfaces, secure authentication systems, and optimized performance. With strong communication and leadership skills, I am committed to contributing to a company's success and continuously advancing my technical expertise.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, C#, SQL

Frameworks & Libraries: React.js, Node.js, Express.js

Web Technologies: HTML, CSS, Tailwind CSS, Bootstrap, GSAP, Three.js

Game Development: Unity Engine, Oculus Quest2

IDE & Tools: VS-Code, GitHub, Atom, Figma

PROJECTS

Text Manipulation Web Application

React.js, JavaScript, Bootstrap, MySQL

- Developed a responsive React.js interface featuring text analysis tools, including word count, character count, and estimated reading time.
- Implemented smooth navigation using React Router with a persistent navbar.
- Integrated secure user authentication and preference management using JWT.
- Enhanced user experience with intuitive design and performance optimization.
- Utilized MySQL for efficient data storage.

Text Manipulation and Navigation Application

React.js, Node.js, Express.js, MongoDB, JWT

- Designed and developed a full-stack web application with a responsive React.js frontend.
- Implemented text analysis tools and smooth navigation using React Router.
- Built a Node.js and Express.js backend for secure user authentication with JWT.
- Managed data storage and retrieval using MongoDB for high performance and data integrity.

EXPERIENCE

Unity Developer Intern

April 2023 – June 2023

HoloLabs XR PRIVATE LIMITED

Jabalpur, MP

- Worked in the animation, timeline, shader graph, and particle system environment setup using Unity 3D engine.
- Developed virtual reality experiences and tested them using Oculus Quest2.
- Tech Skills Used: Unity Engine, Oculus Quest2

EDUCATION

Guru Ramdas Khalsa Institute of Science and Technology (RGPV)

MCA (Master of Computer Applications) 8.6

Jabalpur, MP

July 2020 – June 2022

Mata Gujri Mahila Maha Vidhyalay (RDVV)

BCA (Bachelor of Computer Applications) 8.2

Jabalpur, MP

July 2017 – June 2020
